OAKMONT EDUCATION PULSE: NAVIGATING EXCELLENCE IN CREDIT RECOVERY & ADVANCEMENT

Oakmont Education: Expanding Capacity on the Leadership Team

Oakmont is pleased to announce the appointment of Nate Miller as the new CEO, effective July 16th.

Nate, a Northeast Ohio native, brings diverse leadership experiences to the role. He served as a US Army officer for four years, including leading an engineer platoon in Afghanistan, experiences that have deeply shaped his leadership philosophy and practice. Upon returning to Northeast Ohio, he joined Goodyear Tire, where he held roles in Strategy, Product Management, and most recently, as Director of Global Supply Chain for the Off-the-Road Tires business. "I am tremendously excited to be joining an organization whose values so closely align with my own," said Nate. He has been married to his wife, Brittany, for 14 years, and they have two boys, Simon (9) and Gideon (3).

Reason for the Transition

The addition of Nate to the Oakmont leadership team will help support the continued expansion of Oakmont's impact.

John Stack's New Role

John will transition to a strategic advisory role as Chairman Emeritus, where he will remain involved to support a smooth transition and contribute his experience and strategic insight on an ongoing basis.

Changes and Next Steps

There will be no immediate changes associated with this transition. Nate is looking forward to meeting the broader Oakmont team in the coming weeks.

"Nate Miller's addition to Oakmont's leadership team is a tremendous asset that will greatly enhance the company's growth without affecting daily operations. His exceptional skills and diverse leadership experience will bolster the team's efforts to establish

Oakmont as the premier education management company and achieve its ambitious mission. Nate's expertise will prove invaluable as Oakmont works to expand its positive impact on more communities."

- Dimitrios Kriaras, President

"Oakmont has been the best dropout recovery operator at the school level while constantly seeking to improve outcomes for our students. Now we've added the business

acumen, in Nate, to match our school-level credentials. I couldn't be more excited about this addition to our team."

- John Stack, Former CEO and now transitioning to Chairman Emeritus
